

## Why become a shareholder?

Although the Brattleboro Food Co-op is open to the public, we strongly rely on shareholder investments to provide the financial foundation needed for our store to grow and thrive.

If you are a shopper who is committed to buying organic and whole foods, committed to supporting local industry and family farms, and believe in cooperative ownership, we encourage you to invest in the longevity of our store. You will reap the benefits of being a Co-op shareholder and use your voting power to direct future business decisions.

### Equity

Your lifetime investment of \$80 promotes the growth and sustainability of our store. Your investment dollars will stay in our community. The entire amount can be paid at the time of joining, or it can be broken up into smaller payments, over as much as two years. You will purchase one share of our business.
